

Elk Valley Mining, New and Expanding

Map #	Owner Name	Property Name	Links	Status	Overview	Planned Disturbance	Reclaimed	Tonnes/Yr	Strip Ratio Average	Total Production
1	Teck Coal	Coal Mountain Phase II (Marten-Wheeler)	BCEAO CEAA	Cancelled Indefinitely	EA currently under CEAA and BCEAO Review	1000 ha		2.25 million metric tonnes/year of clean coal		
2		Elkview (Baldy Ridge and Natal Ridge)	BCEAO Baldy Ridge Extension	Operating, EA permits issued for extension	Baldy ridge extension approved in 2016	862ha		6.8 million tonnes/year of clean coal		
3		Fording River Swift	BCEAO	Operating, EA permits issued for extension	Environmental Assessment Certificate received. Only subject to BCEAO.	1200ha				175 million metric tonnes of processed clean coal over 25 years,
4		Greenhills		Operational	Currently seeking permits for expanded operations under the BC Mines act. NOT subject to BCEAO or CEAA.					
5		Line Creek	BCEAO	Operating, EA permits issued for extension	EA approved for Line Creek Phase 2. Expansion currently underway.	1800ha				52 million tonnes of clean coal over 20 years
6	Centermount Coal / Centerpoint Resources	Bingay (north of Elkford)	BCEAO CEAA Company	Proposed New Mine EA in progress	EA Process reactivated in October 2015. New project proposal submitted October 2016. New project does not go underground	7-10 year lifespan		2 million metric tonnes/year		
7	Jameson Resources Limited/ NWP Coal Canada Ltd.	Crown Mountain Coking Coal (Alexander Creek)	BCEAO CEAA Company	Proposed New Mine EA in progress	Subject to CEAA and BCEAO, Currently under review			3.7 million tonnes/year of clean coal		
8	CanAus Coal Ltd. / CoalMont	Michel Creek Coking Coal (Loop Ridge)	Company BCEAO CEAA	proposed new mine EA in progress	Project Description submitted to BC Environmental Assessment Agency December, 2014, first comment period in CEAA ends Nov 2.	6,144ha (project area)		5Mtpa ROM; ~3.3Mtpa saleable product	<7:1 strip ratio - within a 20:1 pit shell	100 – 120Mt over 20 years
9		Tent Mountain		Exploration	Future Potential Open Pit					
10		Michel Head		Exploration	Future Potential Open Pit					
A	Pacific American Coal	Elko Project (Lodgepole)	Company	Active Exploration	Advanced conceptual project (see website for 3d mock ups and video) Notice of work submitted for exploration in summer 2017 that would see ~4km of road built in the Flathead. Within AMA, and planned to be reclaimed.			1 -2 mtpa		
B		South Hazel (Michel)			Future Potential					
C	Crowsnest Pass Coal Mining	Coal Creek	Company	Previous Exploration	Pre-EA, exploration. Planned for underground mine
